ABOUT ME

Software Developer with 2.5+ years of experience building scalable web and mobile applications using React.js, Next.js, and React Native. Experienced in developing blockchain-based applications and Web3 solutions, with a focus on creating efficient, user-friendly software.

WORK EXPERIENCE

React Native Developer → React Developer

Elitist Software Solutions LLP | June 2024 – Present

- Developed websites using React.js and Next.js, and mobile applications using React Native.
- Built responsive user interfaces, integrated APIs, and optimized application performance.
- Implemented blockchain features, including wallet integration, smart contract interaction, and Web3 functionality.

React Native Intern

Elitist Software Solutions LLP | Dec 2023 – May 2024

- Assisted in web application development and feature implementation.
- Worked with developers to fix bugs and improve application performance.

PROJECTS

The Fantom Exclusive Furniture – Luxury Furniture E-commerce Website

Tech Stack: Next.js, React.js, TypeScript, Node.js, REST APIs

- Developed a responsive luxury furniture e-commerce website using Next.js and React.js.
- Built product listing, category, and product detail pages.
- Integrated APIs for dynamic content and product management.
- Optimized SEO, performance, and mobile responsiveness.

Personal Brand & Portfolio Website

Tech Stack: Next.js, React.js, TypeScript, Tailwind CSS, Framer Motion

- Developed a modern portfolio website using Next.js and React.js with responsive and interactive UI.
- Implemented smooth animations, reusable components, and SEO optimization.
- Enhanced performance and user experience across desktop, tablet, and mobile devices.

Tours & Travels – Vehicle Booking App

Tech Stack: React Native

- Built a simple Tours & Travels app using React Native.
- Developed vehicle selection and booking screens with a responsive UI.
- Gained hands-on experience with React Native navigation and mobile app development.

Doctor Appointment App

Tech Stack: React Native

- Built a basic Doctor Appointment mobile application using React Native.
- Developed doctor listing, doctor profile, and appointment booking screens using static data.
- Created a responsive and user-friendly interface while learning mobile app development concepts.

SKILLS

- | | | | |
|--------------|-----------|----------------|--------------|
| • React.js | • Next.js | • React Native | • JavaScript |
| • TypeScript | • Node.js | • REST APIs | • Blockchain |
| • Web3.js | • Git | • GitHub | |

EDUCATION

P P Savani University | 2020-2024

B.Tech Computer Science & Engineering

Completed a Bachelor of Technology (B.Tech) in Computer Science & Engineering with a strong foundation in software development, data structures, algorithms, and database management.

CERTIFICATIONS

Creative Design & Multimedia Institute | 2021-2022

React Native Mobile Application Development
